The following procedures apply to information held about children.

1. A child's educational records will be disclosed to their parent or carer on submission of a written request. Requests will only be refused if it is obvious the requester does not understand what they are asking for, or if disclosure is likely to cause them or anyone else serious physical or mental harm.
2. A child's educational records will be made available without charge within 15 working days of receipt of the written request. If a copy of the information is requested, a charge may be made but it will not exceed the cost of supply.

Electronic files are stored (explain where they are stored, for example in an account in the cloud and how you have checked the companies security information). Computers within the provision are kept secure with appropriate software to ensure maximum protection against ransom and malware which is regularly updated. All data is securely backed up (explain how you securely back up your data, eg encrypted memory stick, cloud).
