Staff Supervision Policy

#### 1. Introduction

Supervision is a requirement of the Early Years Foundation Stage and this policy is based on the premise that the supervision of staff is an integral part of the day-to-day business of our organisation. It will occur both formally and in other forums including informal discussions and group settings and, in all of these forums the process of supervision should be informed by the standards set out within this document.

The Early Years Foundation Stage states:

"Providers must put appropriate arrangements in place for the supervision of staff who have contact with children and families. Effective supervision provides support, coaching and training for the practitioner and promotes the interests of children. Supervision should foster a culture of mutual support, teamwork and continuous improvement which encourages the confidential discussion of sensitive issues"

## Why is it important?

Supervision gives staff opportunities to reflect upon practice and enables staff to feel that their views are valued and to air their concerns.

Supervision should provide opportunities for staff to:

- Discuss any issues particularly concerning children's development or wellbeina:
- Identify solutions to address issues as they arise; and
- Receive coaching to improve their personal significance

Lower Covey Montessori Nursery recognises that:

- Staff supervision is integral to the effective delivery of services
- The quality of staff supervision impacts on outcomes for children and their families.
- The delivery of supervision must be a priority task within the organisation.
- All staff within have he right to received regular formal supervision from supervisors who have received appropriate training and are supported within their supervisory role.
- All staff have a responsibility to participate in supervision and attend formal sessions.
- The process of supervision is a shared responsibility: staff and their supervisors are expected to contribute to the effectiveness of the process and the organisation has a responsibility to facilitate a culture which supports the process.

# 2. Definition - what is supervision?

For the purposes of this policy supervision is defined as a process by which one worker is given responsibility by the organisation to work with another worker in order to meet certain organisational, professional and personal objectives in order to promote positive outcomes for service users. The objectives are:

Staff Supervision Policy

#### 4. Method of Delivery

A relationship between the supervisor and supervisee is fundamental to the supervisory process and supervision will take place in a variety of settings and circumstances.

**One to one supervision** is at the heart of the process and all staff should receive regular formal one to one supervision.

**Ad hoc supervision** is the dialogue that takes place between a supervisor and supervisee as the need arises. This should be available to all staff but is not a substitute for formal one to one supervision. The value of ad hoc supervision is that it is an important way of supporting staff; improving performance, keeping pace with change and ensuring that organisational requirements are met. It should be recorded in line with these procedures.

# 6. Frequency

Lower Covey Montessori Nursery will ensure that staff supervision will happen regularly once every half term. Ad hoc supervision will take place when the supervisee or supervisor feels it necessary.

# 8. Supervision Process and Content

Lower Covey Montessori Nursery will adopt the TED process:

#### THE SUPERVISION CYCLE Experience SEE (engaging and observing) The story - what happened? Tell me Action Plans DO Reflection FEEL (preparing for action, trying (investigating experience) Explain to me What was it like? things out) What next? Describe to me **Analysis THINK** (seeking to understand, asking why, what does this information mean?) Adapted from =IN-TRAC=

Using the TED process supervisor's will follow the process of: SEE, FEEL, THINK and DO. Supervisors will engage and observe to see what is happening, investigate the experience and feel what it is like, seek understanding, asking why to enable them to analyse and preparing for action by setting action plans.

# 9. Recording Supervision

Staff supervision will be recorded using a 'Staff Supervision' sheet that enables the supervisor to record the conversation and write notes. Safeguarding concerns, training requirements and targets should be recorded.

Staff should read, understand, sign and date the staff supervision form to agree to the information that has been recorded.

# 10. Monitoring and Review

Lower Covey will monitor supervision on an annual basis and review procedures to come in line with current changes in Government policy and/or in accordance to the Early Years Foundation Stage (EYFS) framework.

The review of previous supervision meetings will be the initial starting point of the next supervision meeting to enable staff to reflect on the previous meeting and to evaluate and discuss how things have progressed since the last meeting.
